**WHERE
YOU
BEGIN
TO
BELONG**

When we set out to build Edvia, we didn't want to create just another A Level college. We wanted to reimagine what education could feel like. A place where young minds aren't just taught. They're seen, supported, and given the confidence to follow their own path.

At the heart of Edvia are three guiding beliefs: Mindset, Momentum and Mentorship.

We believe mindset matters more than memorizing answers. So, we focus on building self-awareness, resilience, curiosity, and emotional intelligence because real transformation begins when students start thinking differently about themselves and the world.

And we believe education should give you momentum. Whether it's through our block learning model, university preparation, wellness programs, or real-world skill-building, everything we do is designed to move you forward with clarity, confidence, purpose and direction.

We believe every student deserves a mentor. Someone who listens, guides, and walks beside them as they figure out who they are and what they're capable of.

Edvia isn't just a place to study. It's a place to discover. A place where you won't just meet expectations, you'll learn how to define your own.

I invite you to be part of this movement. Edvia sees education not as pressure, but as possibility. Not just as preparation for exams, but as preparation for life.

I await to welcome you!

NAVEED AHMED MUGHAL (Ph.D)
PRESIDENT

OUR FOUNDATION

1

Mindset

We instill a mindset of curiosity, adaptability, and lifelong learning. Whether it's financial literacy, critical thinking, or emotional intelligence, Edvia empowers students with the tools to thrive beyond the classroom.

2

Momentum

Students are equipped to move forward, not just academically, but personally and professionally. With university preparation, sports integration, and leadership development, Edvia sets students on a path of consistent progress and opportunity.

3

Mentorship

At the heart of Edvia is personal guidance. Students aren't left to navigate alone. Through one-on-one mentorship, peer learning, and teacher support, Edvia creates a culture of reflection, growth, and direction.

A NEW KIND OF LEARNING FOR A NEW DYNAMIC FUTURE

We've reimaged what education should look like and it's not just about scoring grades. It's about developing the confidence, clarity, and capability to lead a meaningful life.

WHAT SETS US APART?

Academics + Life Skills:

We go beyond textbooks. Our students learn how to build startups manage money, pay taxes, speak with confidence, and solve real-world issues.

Mentorship Driven Growth:

Every student is guided by mentors who've walked the path before, providing honest advice, emotional support, and strategic direction.

Safe, Inclusive Campus:

From advanced labs and creative studios to wellness spaces and 24/7 surveillance, Edvia is a place students belong and become.

University & Career Readiness:

From international university placements to hands-on projects and leadership development, students leave Edvia ready for what's next.

Our LEADERSHIP TEAM

Mr. Omar Akram

Director Curriculum & Standards

A finance and technology professional turned educator and leadership coach with over 25 years of global experience. Having held leadership roles at Fortune 500 firms, he now focuses on human potential development, teaching A-Level and International Baccalaureate Physics, and guiding students worldwide in both academic and personal growth.

Omar holds an MBA from Cornell University and a BS in Electrical Engineering from Purdue University.

Dr. Naveed Mughal

President

An accomplished educationist with over eight years of experience in global education, he has led the establishment of Greenwich University's international branch in Mauritius, expanded educational access across Africa, and championed cultural diplomacy through student delegations to the European Parliament. Holding a PhD in Educational Leadership and Management, with degrees from the University of Warwick and Lancaster University, he continues to drive impactful educational reforms locally and internationally.

Mr. Munib Iqbal

Vice President

Mr. Munib Iqbal Bilwani is a purpose-driven entrepreneur and a graduate of the University of Nottingham. With deep roots in one of Pakistan's most respected business families, he has built a successful track record across real estate development, the food industry, and sports ventures. At Edvia College, he brings visionary leadership, blending academic innovation with enrichment and real-world readiness to prepare students for success in a rapidly evolving world.

Mr. Bilal Hameed

Director, Strategy & Operations

A pioneering education entrepreneur and seasoned A-Level Chemistry educator with over 20 years of experience. As the Founder and CEO of Alt Academy, he has empowered over 60,000 students across 50+ countries through innovative, tech-driven learning solutions. A co-founder of Ivy School and former director at Cedar College, Bilal holds a Computer Science degree from Rutgers University and The City University of New York, combining his technical expertise with a passion for transforming education through AI, technology integration, and cutting-edge teaching methods.

MEET THE TEACHERS

Omar Akram

Physics

Omar Akram, with 25+ years of global experience in corporate finance, tech consulting, and education, holds an MBA from Cornell and a BSc from Purdue. He has led roles at firms like Barclays and Limited Brands. Now a Physics instructor in Karachi, he also conducts EQ and resilience training, focusing on student growth, life skills, and performance.

Zehra Ali

Business Studies

Zehra Ali is a dedicated educator and counselor with 20+ years of experience teaching A Level subjects and guiding students on academic and career paths. An IBA MBA graduate, she has served in admissions at The Lyceum and IBA, and teaches at Cedar and Eden Colleges. She remains committed to student mentorship and professional excellence.

Muhammad Rafay Shaikh

Maths & Accounts

Rafay Shaikh, a Chartered Accountant, brings 13+ years of teaching experience in accounting and finance. Renowned for simplifying complex concepts, he blends academic theory with real-world insights. His industry expertise and commitment to student success have made him a respected mentor and educator at leading institutions in Karachi.

Syed Iftikhar Hassan Zaidi

History & Politics

Iftikhar Zaidi, a History and Politics teacher, studied at Brandeis University and earned a Master's from King's College, London. He pioneered A Level Politics in Karachi and has a deep passion for historical research, including work on the East India Company Archives. A devoted reader, he enjoys exploring the past and imagining the future.

Izzah Taimur Butt

Economics

Izzah Taimur Butt, an MSc Economics graduate with 21+ years of experience, has taught at top institutions like KGS, Nixor, Bay View, and IBA. She brings Economics to life through real-world issues, debate, and data analysis, fostering critical thinking and curiosity. Her teaching inspires students to view Economics as a key lens on today's world.

Yasser Ahmed

Sociology

Yasser, with 18+ years in education, teaches Sociology and Psychology at top A-Level institutions in Karachi. Trained in Philosophy from the University of Windsor, he blends critical inquiry with interdisciplinary teaching. A researcher in ethics, musician, and animal rights advocate, he brings intellectual depth, creativity, and purpose to both classroom and community.

Sameer Lakhani

Computer Science

Samir Lakhani holds an M.Sc. in Information Technology from the University of London, UK. He had the privilege of introducing A Level Computer Science in Pakistan in 1998. Since then, he has been teaching O and A Level Computer Science at several prestigious colleges in Karachi. During this time, many of his students have achieved distinctions in A Level Computer Science across Pakistan, and on a few occasions, globally. He also serves as an examiner for O and A Level Computer Science papers with Cambridge International Examinations (CIE).

Abdullah Gheli
Chemistry

Abdullah Gheli, with over a decade of teaching experience, holds degrees in Mathematics and Chemistry from the University of Minnesota. He has taught math, biology, and chemistry at both high school and university levels, alongside working in clinical research. A fitness enthusiast, he enjoys hiking, football, and martial arts in his free time.

Zarmina Raza
Literature

Zarmina Raza, with 20+ years of experience, has taught O and A Level Literature at leading institutions like KGS, Nixor, NED, and SZABIST. She holds an MA in English Literature and an MLA from Houston Baptist University. A published poet and co-founder of The Crows Karachi, Zarmina brings creativity, depth, and inspiration to her teaching.

Muhammad Samhan Ghazi
Urdu & Theatre Arts Educator | Actor

Samhan Ghazi, with 15+ years of experience, is a dedicated educator and theatre artist specializing in Urdu and Theatre Arts. He teaches at Bay View Academy, ZATians Academy, and NAPA. With a Master's in Economics and NAPA's acting training, he blends academic depth with creative flair. A seasoned performer, he's also a nationwide trainer and mentor.

Asim Masood
Psychology

Asim Masood is a committed Psychology educator with experience at leading A Level institutions like KGS and Eden College. With an MBA and BBA from CBM, he combines academic knowledge with real-world expertise in marketing and media. He's also active in student mentorship, academic counseling, corporate sales, and entrepreneurship.

Mustafa Arif
Biology

Dr. Mustafa Arif Chhotani, with over a decade of experience, is a respected educator specializing in O Level Chemistry and Biology and A Level Biology. An MBBS graduate from Ziauddin University, he brings medical insight to his teaching, making science practical and relatable. Known for academic leadership, clear instruction, and student success, he fosters confident, independent learners.

Zufashan Hasan
Law

Zufashan Hasan is a dedicated Law educator with 10+ years of experience teaching A Level and University of London LLB courses. An LLB graduate from the University of London, she has a background in criminal litigation, human rights, and judicial reform. Her Socratic, student-centered approach brings energy to the classroom, blending law, philosophy, and progressive pedagogy with a passion for learning and cats.

Shezad Naeem
Media Studies

A creative media professional with over 20 years of experience in media production, digital media marketing, and public relations. Passionate about teaching, with a strong background as a media sciences instructor at various universities and institutes. Combines real-world expertise with academic insight to mentor future professionals, fostering creativity, strategic thinking, and hands-on skills in media and communication.

Academic Excellence & Teaching Philosophy

At Edvia, academic excellence means thinking critically, solving problems, and thriving in change. We combine innovative teaching with the standards inspired by Greenwich University to create a supportive, goal-focused learning environment.

Our faculty are mentors who personalise guidance, encourage inquiry, integrate technology, and prepare students for top universities worldwide.

"The faces behind where students begin to belong inspiring, guiding and empowering every step of the way"

Parent Engagement & Community Partnerships

At Edvia, parents are partners in their child's success. We keep communication open through regular updates, meetings, and collaborative events. We also connect students with the community, industry, and cultural organisations, offering mentorship, service projects, and real-world learning experiences that ensure they are supported both at home and in school.

International Collaborations & Pathways

Edvia students gain global opportunities through Greenwich University's international network in the UK, Europe, Turkey, Malaysia, and China. Pathways include credit transfers to complete degrees abroad, short-term academic and cultural exchanges, and guest lectures from international experts preparing students to succeed on a global stage.

University Placement Guidance

Edvia's **Signature** Enrichment Program

Some of the most important lessons happen outside the classroom. That's why our Enrichment Program is designed to unlock passions, sharpen life skills, and shape students into well-rounded, confident individuals.

We offer hands-on, high-impact experiences to build leadership, resilience, and real-world awareness, giving students the freedom to explore.

Entrepreneurship & Startup Labs

Learn how to build, pitch, and grow business ideas with real mentors and demo days.

Public Speaking & Debating

Boost confidence and clarity in communication on stage, in interviews, or in everyday life.

Financial Literacy Workshops

Understand taxes, budgeting, saving, & investment basics. Things we all wish we were taught earlier.

Community Impact Projects

Volunteer, fundraise, and lead change in areas you care about because purpose matters.

Coding, AI & Tech Labs

Whether you're a beginner or tech enthusiast, get hands-on with AI tools, programming, and digital problem-solving.

Creative Studios: Art, Music, Media

Find your creative outlet with photography, podcasting, design, and more. All backed by real industry tools.

Why It Matters

Enrichment isn't just "extra." It's how students discover who they are, what they care about, and how they'll lead in the world ahead. This program will add Edvia Edge to your profile and purpose.

Mentorship

SIRAJUDDIN AZIZ (PhD Scholar)

Leading the Mentorship Program:

Sirajuddin Aziz is at the heart of Edvia's mentorship initiative. A globally respected banker, author, and educator, currently serving as Federal Banking Ombudsman of Pakistan.

With leadership experience across six countries and deep expertise in governance, ethics, and leadership, Aziz brings everyday wisdom and empathy to our mentoring culture. His life's work reflects a commitment to nurturing minds and shaping futures—qualities that make him an inspiring guide for our students as they navigate academic and personal growth.

He will be assisted by curated professionals in the endeavour.

A Mentor In Your Corner

EVERY STUDENT DESERVES SOMEONE

WHO SEES THEM,

NOT JUST THEIR GRADES.

At Edvia, mentors are your go-to guides. They help you reflect, plan, and push forward when things get tough. Whether it's subject choices, confidence issues, or simply figuring out what's next. You'll never be alone in your journey.

EDVIA **ACTIVE+** MOVEMENT MEETS MINDSET

Edvia Active+ is more than a sports program, it's a philosophy. Built into the fabric of every student's journey at Edvia College, Active+ ensures that all students, regardless of their academic path, engage in physical activity, wellness, and team-building experiences.

Active+ is designed to:

- Promote holistic development
- Encourage discipline, collaboration and leadership
- Support emotional well-being and reduce academic stress
- Instill lifelong fitness and wellness habits

Sadia Sheikh

Director, Sports

A pioneer in women's football in Pakistan, serving as the country's only FIFA-certified administrator and an AFC-licensed coach. Honored as the "Mother of Football" by UNICEF.

She holds an Honorary Doctorate from Maryland University, USA, and has represented Pakistan on the international stage, including coaching the national women's team in Jordan.

Scholarships & Financial Aid

We believe that financial limitations should never come in the way of talent, ambition, or potential. That's why we offer a range of scholarships and support options to help deserving students pursue their academic dreams.

Merit Scholarships

We offer generous merit-based scholarships to exceptional students demonstrating outstanding academic potential and personal growth.

How to Apply:

Merit scholarships are assessed based on your application and interview. No separate scholarship application required.

Need-Based Financial Aid

We recognize every family's financial circumstances are unique. We provide financial aid to qualifying students to ensure equal opportunities for quality education.

Eligibility for Financial Aid:

- Demonstrated financial need through supporting documentation (bank statements, income slips, financial affidavits).
- Positive academic and personal evaluation by Edvia's financial aid committee.

How to Apply:

- Fill out Edvia's Financial Aid application form.
- Submit supporting financial documents.
- Attend the financial-aid interview (if required).
- Receive decision and aid details.

Admissions Process

Joining Edvia means stepping into a space that believes in your potential. Our admissions process is designed to be transparent, supportive, and student-focused guiding you every step of the way.
